

What is a Creekside Block Captain.

Block Captains are our eyes and ears for Creekside Estates. We rely on our Block Captains to circulate the Creekside Chronicle Newsletter to their block (5 per year) which is published every 2 months starting in March of each year. We also have our Block Captains circulate to their block the Yard of the Month flyers which are May through October (6 per month). This not only helps our Block Captains meet their neighbors and exchange information but helps our budget by saving the postage we would normally spend by mailing the Creekside Chronicle Newsletter and Yard of the Month Flyers. Our Block Captains tell the Communications Committee about news worthy items that can be placed in our Creekside Chronicle, i.e. new families moving in on their block, births, graduations, children making good grades, involved in Boy Scouts, Girl Scouts, etc. and children doing good deeds, weddings and even remembering someone in our prayers that might be having illness in the family or maybe a loss of a job.

Block captains are a great resource for reporting concerns in the neighborhood i.e. speeders, theft, break-ins etc., because what might be happening on one block could come to happen on other blocks if we are not aware. And, being aware is what being a Block Captain is all about
